Body Image

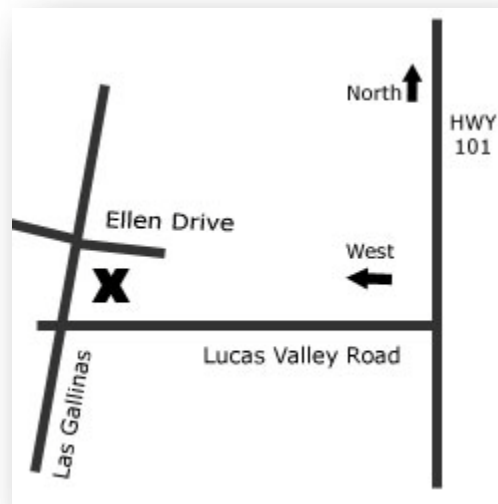

Saturday, June 27, 2009 | 1:30 – 4:30pm
Lucas Valley Community Church
2000 Las Gallinas Avenue, San Rafael

This workshop is designed to foster open dialog about our experience with recovery from the obsession of our body image and how that battle keeps many of us stuck in compulsive obsession with food and weight.

We will hear from two speakers with long-term recovery who will share on this part of their experience. There will be a meeting within the event where sharing on this topic will be the focus. This is an excellent chance for sharing on the topic of Body Image not broadly discussed in our meetings. Join us. All are welcome!

This day is offered free of charge to newcomers. For OAers, we suggest a donation of \$5.
